Butler Named Chairman Of National Committee; Denver Man Treasurer

National Committee Bows to
Wish of President in Re-
gard to Chairman.

DAWES RUNNING MATE

General Accepts Nomination for Vice-
President, Declining It to Be Great
Honorary Fellowship Extended by
Coolidge; Lowden Refuses to Accept.

By United Press.
CLEVELAND, June 13.—(Murmurs of revolt) running through the rank and file of the Republican National Convention evaporated into thin air today when the committee met to organize for the Presidential campaign. The Coolidge slate of officers, headed by William M. Butler, was put through with but one exception, William V. Hodges of Denver was elected treasurer to succeed Fred Upham, resigned. Arthur W. Mellon of Pittsburgh, a relative of Secretary of the Treasury Mellon, had been picked for this post.

Butler's selection was unanimous. Those who were venting their anger yesterday at what they termed mismanagement of the vice-presidential situation had cooled off completely today.

CLEVELAND, June 13.—(Torn by long hours of sleepless study over one of the most amazing political situations that ever has featured a Republican convention, members of the National Committee met today to organize for the forthcoming campaign. There was nothing to do but elect Butler to head the national committee. It was the President's wish and there were none to deny him.

William V. Hodges, an attorney at Denver, Colo., was made treasurer of the Republican National Committee, at a meeting today. Hodges is president of the fourteenth Ohio and Commercial Association and graduate of Columbia University. He is 48 years old.

Roy West of Chicago was selected as the new secretary. Ralph A. Williams of Oregon and Charles D. Hill of New York were named vice-chairmen to succeed themselves. Mrs. A. T. Hart of Louisville, and widow of the national committeeman, succeeded Mrs. Harriet Taylor upon as the women's vice-chairman.

CLEVELAND, June 13.—After former Governor Frank O. Lowden of Illinois had been voted the vice-presidential nomination, and had refused it, the Republican National Convention last night named Charles G. Dawes, the "Heil and Maria" general, to be the running mate of Calvin Coolidge in the Republican presidential race.

Unlike Lowden and Borah and Hoover, General Dawes at once accepted. Writing from Marietta, Ohio, he said:

"I accept the nomination by the Republican party for the Vice-Presidential race. I deeply appreciate the honor conferred."

That the choice was acceptable to the President was indicated by a telegram from the White House which read:

"It will be a pleasure to be associated with you in public service. Best wishes to you and Mrs. Dawes, in which Mrs. Coolidge joins."

Governor Lowden wired the convention:

"I absolutely stand by what I have said in the past. I thank the convention for the honor but I refuse to accept the nomination."

"I told the American people that I did not want the vice-presidency and I would not accept it. I have never lied to the people and I will not now."

Since Mr. Lowden's name was mentioned as a probable candidate for the vice-presidency, he issued several statements, in each of which he said he would not be a candidate for the office and would not accept it if the convention nominated him.

After the first ballot, when it was shown that Lowden was leading the field with 222 votes, he called on the telephone and advised of the convention's action. It was pointed out to him that from all appearances he would be nominated. He replied:

"If I am nominated I will refuse to accept it. So far I have always kept my word to the public when I have given it. I shall do so now."

"I told the public I was not and would not be a candidate for Vice-President. I'll not go back on my word. I thank the convention but I will not accept the nomination."

Mr. Lowden's statement was sent to convention headquarters before the second ballot was taken.

As soon as he declared nomination by the convention and told of the convention's action, Mr. Lowden said:

"I stand by everything I have previously said. I will not accept the nomination."

Mr. Lowden said he previously had written the convention and told them he would not accept.

"I want to again thank them for the honor," Mr. Lowden said, "but it is not for me."

CONNELLVILLE ATTENDANCE BEST AT S. S. MEET

City Schools Have 28 Delegates
at Annual Convention at
Masontown.

CLOSING SESSION TODAY

Connellsville stands highest in attendance of delegates at the annual convention of the Fayette County Sunday School Association at Masontown, with 28 registered Uniontown had 16.

The convention opened yesterday and was to close today.

George B. Coughnour was re-elected president at the business session this morning. Other officers elected were: Albert Gaddis, William M. Thompson, J. Dawson, J. P. Woodmansey, J. Snell Snyder, D. L. Peers, J. B. Henderson and Andrew Brown, vice-presidents; J. H. Collins, secretary.

More than 200 delegates and alternates registered for the opening of the convention Thursday.

The annual convention sermon was delivered by Rev. W. D. Sleas of Pittsburgh, who dwelt very strongly on the topic, "The Challenge of the Church." A review by B. A. McGarvey, field worker of the Pennsylvania State Sunday School Association, with headquarters in Williamsport, followed. At the close of Mr. McGarvey's address the session adjourned until 7:30 o'clock.

Albert Gaddis, vice-president of the county association, presided at the afternoon session.

The afternoon session opened with a song service under the direction of J. H. Mack, musical director of Philadelphia. This devotional exercises were led by Rev. Sleas while an address in the topic, "The Challenge of the New Age," was delivered by E. Carmack, director of religious education, Pittsburgh. Following the splendid address by Mr. Carmack, the assembly was treated to a surprise in the form of a number of solos and duets by the small Berkshire brothers who have gained quite a reputation as singers in the county. An address "A Challenge to the Adults of Today" was delivered by Mr. McGarvey who pointed out some very interesting things in regard to his subject.

Mail Train Bandits Get \$1,500,000

By United Press.

CHICAGO, June 13.—Forty-two sacks of registered mail containing cash and bonds estimated at between \$1,500,000 and \$2,500,000 were seized last night by a band of 20 to 25 men who held up a Chicago, Milwaukee & St. Paul train near Roundout, Ill., 30 miles north of Chicago.

Gas bombs were used by the bandits on two cars which mail clerks refused to open.

The bandits worked for more than an hour sorting the mail sacks. One was shot accidentally by a comrade. After the robbery the bandits sped away in automobiles toward Chicago.

Five hundred police and citizens with shotguns and other weapons searched the territory today between Chicago and Milwaukee.

MILWAUKEE, June 13.—Nearly all of the crew of 70 mail clerks and others of the Chicago, Milwaukee & St. Paul mail train which was robbed near Roundout, Ill., were taken to the federal building for questioning when the train arrived today.

FAYETTE COUNTY SCOUT COUNCIL IS ORGANIZED

Julian F. Rosenbaum, Second
Vice-President; J. R.
Metzger, Treasurer.

FUND GOAL NOT REACHED

The organization of the Fayette County Scout Council was completed at a meeting held in the Uniontown Y. M. C. A. building last night which was attended by 28 men who comprise the council membership in the several communities. Dr. J. G. Homington of Uniontown presided.

The election of permanent officers of the council resulted as follows:

J. W. Abraham, Uniontown, president; J. H. Dunn, Uniontown, first vice-president; Julian F. Rosenbaum, Connellsville, second vice-president; Dr. Harry J. Bell, Dawson, third vice-president; G. W. Greenwood, Dunbar, fourth vice-president; Dr. R. S. Marlin, Star Junction, fifth vice-president; R. L. Bowers, Point Marion, sixth vice-president; A. E. Fletcher, Fayette City, seventh vice-president; J. Raymond Metzger, Connellsville, treasurer.

Reports from the different sections of the county showed that over \$11,000 has already been subscribed toward the quota of \$18,000. Uniontown contributed \$1,000 and Connellsville \$4,000 short of their respective goals.

The election of a secretary and a scout executive was deferred until a later meeting.

Council members from Connellsville present were: Julian F. Rosenbaum, W. O. Adrian, H. L. Sikoz, A. J. Daniels, J. R. Metzger, A. B. Norton, Jr., and W. P. Schenck.

Plans are being considered by means of which Connellsville can go over the top and thus avoid the humiliation of being the only town in the county to fall down on the job. It is expected that announcement of these plans can be made very shortly.

Chairman Julian F. Rosenbaum reminds friends of the Scouts that they still have opportunity to contribute to the fund by mailing checks directly to him or to J. Raymond Metzger.

Mr. Rosenbaum also calls attention to the fact that subscribers already made and others to be made cover a two-year period. This is done for the purpose of avoiding the necessity of putting on a campaign every year.

The morning session and dinner will be held in the Main Hall. The morning session, Master G. M. Griffin presiding, will begin at 10 o'clock. The program will include the reading of the minutes of the last quarterly meeting by Secretary W. D. Hixson, report of bills and accounts by Treasurer R. T. Hutchison, unfinished business; new business; subordinate Grange reports and reports of committees.

The Morning Star Curlew and Perryopolis Granges will cooperate in providing the entertainment, including the dinner to be served at 12:15 o'clock.

The program of the afternoon session, which will be held in the High School Building, is as follows. Music, Goshawk Grange, nation, Walter Larson, "A Mock Court Trial," a home talent production by York Run Grange; lecture, Prof. A. J. Hadiman, in charge of Farm Economics Department, West Virginia University; music, quartet, report of resolutions committee.

At the evening session, beginning at 8:30 o'clock, Miss Emma Piersol will read a paper, "Fifth grade work by the team of the Curlew Grange will conclude the session."

Forty-Eight Killed in Dreadnought Explosion; First of Kind in 20 Years

W. M. Butler Will Head
G. O. P. Committee.

William M. Butler of Massachusetts, who managed President Coolidge's pre-convention campaign, was elected today as chairman of the Republican National Committee. The President insisted upon the choice.

Approximately 600 persons attended a rally of the Connellsville District young people's workers of the Methodist Protestant Church Thursday at Shady Grove Park. Included were members of the Christian Endeavor society and the different organizations of the Sunday school. A number of the younger members gathered at the park in the afternoon. They were joined by the older folks in the evening. A five-inning baseball game in the afternoon between young men of the Dunbar and Connellsville churches resulted in a score 6-5 in favor of Dunbar.

An address by Rev. J. W. Hawley of the First Methodist Protestant Church of Pittsburgh featured the evening session. The Dunbar delegation, numbering 235, won the attendance honor which was won last year by the Connellsville church, represented at the rally yesterday by 135 persons.

Officers for the ensuing year were re-elected as follows: President, Harry Williams of the Second Methodist Protestant Church, Uniontown, vice-president, E. M. Slawway of the Connellsville church, secretary and treasurer, Mrs. L. B. Gangawara of the Dunbar church.

Our Motto of Business
Quality—Service—Consistent Prices

We enjoy the distinction from coast to coast of being in a class by ourselves in this community. To say this is no exaggeration. The commercial fraternity know us as purchasers of goods of the highest quality regardless of the price. Our local dealers in all kinds of produce know we demand the best of everything, and see that we get it because they know that we will pay the price for QUALITY merchandise. With us only the best is good enough for our patrons.

Our Chef is unequaled in this section. He has been in the service of some of the leading hotels and restaurants in New York, Pittsburg, Chicago and St. Louis. With us he brought a corps of equally efficient cooks. From patrons far and near, we receive many compliments daily on our excellent service and the fine quality of our foods. It is more than pleasing to us to know that we are fast regaining our enviable reputation as ONE OF THE FEW FIRST CLASS EATING PLACES.

MARRIED MEN TAKE FIRST IN SERIES AT VANDERBILT

Have Not Lost to the Young Bloods in Three Years, They Claim.

LARGE CROWD IS AMUSED

CONNELLSVILLE, June 13.—The Married Men, against the Single Men of the Loyal Order of Moose, Lodge No. 32, yesterday afternoon at the Dickerson Run Y. M. C. A. grounds in the first game of the series, by a score of 18 to 17. The Married Men have not been defeated by the Single Men for three years, the last defeat being in 1921.

The game was played before one of the largest crowds of the year, close to 500 people witnessing it. It was a very interesting contest throughout, and proved to be full of mirth. Watching the old men running around the diamond, some weighing 250 pounds, with "bay windows," proved to be highly amusing to the spectators, who cheered them along.

Five innings were played, the game being ended by darkness. Johnson and Winterhalter worked on the mound for the Married Men and Pesty Baricklow was behind the throw. Steve Robie pitched for the Single Men and Lawrence Maust caught.

Burgess R. E. McLaughlin pitched the first ball. Peter C. Abate, president of the Vanderbilt Athletic Club, and manager of the Divada Independent, caught it. Four umpires were at work, one at home, another at first, one at second and the fourth at third base.

The Connelville Firemen's Band, composed of 15 pieces, gave a concert at the ball grounds and later, played at the dinner given in the Moose Hall to the ball players and other guests. The Moosemen were determined to stir up the sporting blood in this town and yesterday's attendance proved very satisfactory. More people are used to attend the games and see the brand of baseball displayed.

The second game of the series will be played the latter part of this month.

Class Reorganizes

The former Willing Workers' Class of the East Liberty Presbyterian Church met at the home of Miss Virginia Miller Wednesday evening at which time the class was reorganized and officers for the next six months were elected. It was decided that each member shall receive a silver class pin for prompt attendance for six months, a gold pin for one year's prompt attendance and a gold class ring for two years' prompt attendance.

Owing to the appointment of Mrs. Wilbur Stoner as the cradle roll superintendent, each member of the class, pledged support to Mrs. Stoner in her work. The class will be given a new name at the next meeting which will be held at the home of Miss Ruth Beeson of East Liberty. Officers were elected as follows: Mrs. Wilbur Stoner, teacher; Miss Grace Strickler, re-elected president; Miss Beaulieu Lynn, vice-president; Miss Virginia Strickler, secretary; Miss Ruth Beeson, solicitor.

The music consisted of hymns. A delightful lunch was served at 9 o'clock.

As Mrs. Stoner is taking an extended motor trip to various points in Indiana and Illinois, Mrs. B. M. McManus was appointed as substitute teacher until she returns.

Methodist Services

Sunday at James Cochran Memorial Methodist Episcopal Church will be: Church school, 9:45; worship, 11; subject, "Unwelcome Angels"; Epworth League, 6:30; worship, 7:30, "The Driven Net."

Food for Abusive Language

Mrs. Beniah West, colored, of Paul Works, was humiliated after paying a fine and costs when arraigned before Justice of the Peace C. B. Arison, last evening, on a charge of disorderly conduct and using vulgar language by Mrs. Agnes Walker, colored, also of Paul Works.

Acquire Art of Putting

No use trying to acquire the art of putting. It is instinctive and automatic. An expert says: "The eye, when one is putting well, takes in the distance and conveys the information through to the brain to the muscles and an automatically correct amount of power is thence put into the stroke."

Powder Blue Canton Crepe, Gold Braiding

The martial air is manifest in this smart blouse of powder blue canton crepe with gold braiding, charming for summer wear.

Little Touches That Add to Women's Gaiety

Dresses with their interesting necklines, smart ties and ribbon trimmings, make necklines a little less popular, yet many are seen, especially pearls. Neckties are in abundance, short sleeves giving them full sway.

Parasols, like fans, are always in evidence for the one who knows the art of carrying them. This year, they are of many colors with beautiful handles, in the palm, more or less "tailored" in any price.

There are short gloves of suede, kid, silk and fabric, with scalloped or trimmed wristlet cuffs to wear with both long and short-sleeved dresses; the very long gloves of kid, suede and silk, for the short-sleeved frocks; and the sturdy gauntlets for sports and service wear. The gloves and hose are frequently matched in color, and sometimes the veil joins the other two in a happy trio.

Often, leather trimming is used on the hat or frock to match the purse. The jaunty ribbon or leather fob that hangs from the wee pocket on jacket, blouse or skirt is often of a color to match the purse. If you have a watch too large for wrist wearing, bring it out and attach it to one of these "ap-to-the-minute" fobs.

Select to Harmonize

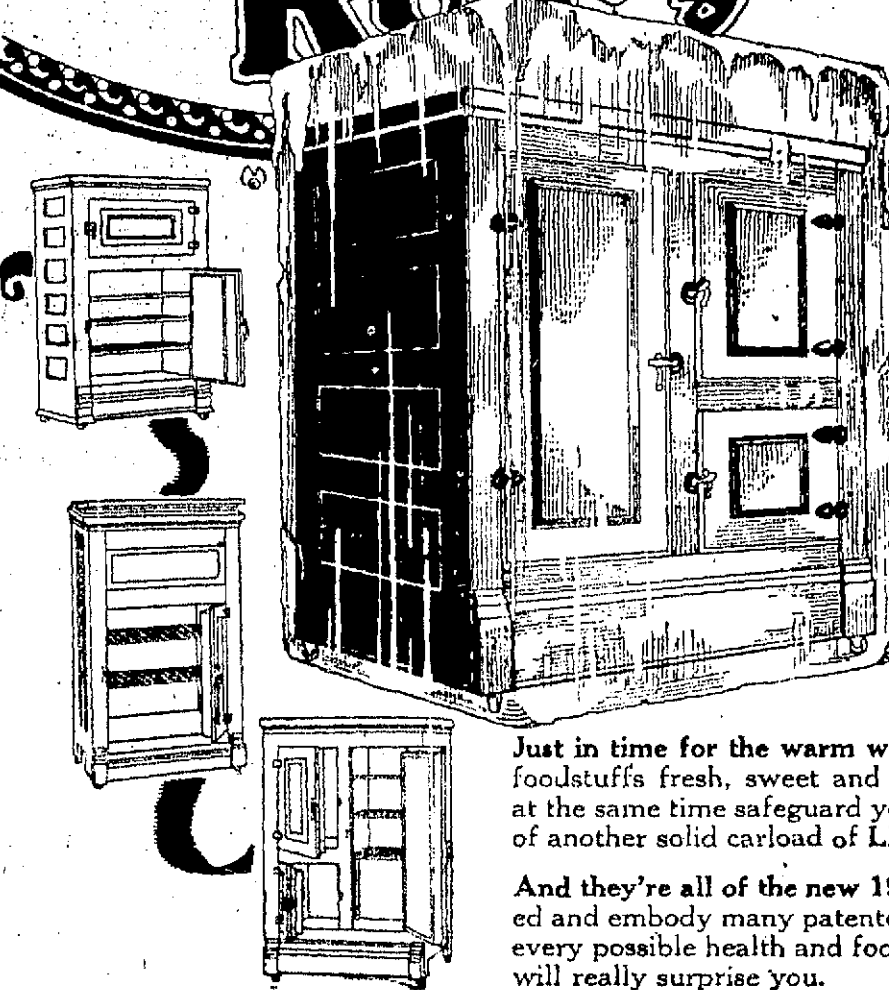

Necklaces and bracelets are legion, but should always be selected to harmonize with other details of the ensemble. We have become somewhat accustomed to the slave bracelet made of long oblong or oval links. This has a companion in a necklace made in similar fashion and worn close about the throat. Other necklaces of square or oval crystals are longer; and are seen in the loveliest of colors.

Pink Approved Color

Pink chiffon as a background for silver embroidery, pink crepe with designs of pearls and crystals and delicate apricot-tinted satin with a touch of French blue are seen again and again. A significant note is that these frocks are worn by older women as well as by debutantes.

COLD FACTS about Leonard Refrigerators

The "Leonard Cleanable" is lined with smooth, hard, one-piece porcelain with rounded corners—making it easy to clean.

Cold, dry air circulation is constantly maintained on highly scientific principles assuring an evenly distributed temperature reaching every point in the provision chamber.

The shelves are made of open woven wire mesh—heavily retined and placed on aluminum pegs—permitting a free, unhampered circulation of dry, cold air.

The drain pipe and trap is located where it is easily accessible—but not in the way. It is made of non-rusting material and lifts out easily for cleaning.

Ten heat resisting walls of insulation keep the cold air in and the warm air out—insuring the greatest possible economy of ice consumption and the utmost efficiency of satisfactory operation.

The porcelain lining comes way to the edge of the outside door frame—leaving no wood exposed anywhere on the inside.

The ice rack is made of heavily galvanized iron. Will not rust or leak and sets well down in the ice chamber—out of the way.

The door sill and the floor of the provision chamber are perfectly even—thus making cleaning much easier than where the floors are sunk below the door sill.

Ambulance Bell Signal for Right Of Way in Streets

Chief of Police P. M. Murphy today instructed his traffic officers that the ambulance of the Connelville State Hospital is to be granted right of way on the city streets just as is the fire truck. This applies only in the case of an emergency call. When there is no need for speed the regular horn on the ambulance will be used, but if it is an emergency case the bell will be sounded.

Chief Murphy said drivers of automobiles should become familiar with this system, and at any time the bell of the ambulance is heard to move over and grant that vehicle a clear road.

Panel Exhausted. EBENSDURG, June 12.—After 11 jurors had been secured for the trial of the first of a series of murder cases growing out of the Lilly Plot of April 5, the panel was exhausted and the court adjourned today until the sheriff summons others.

Directoire Again on Fashion Sheet

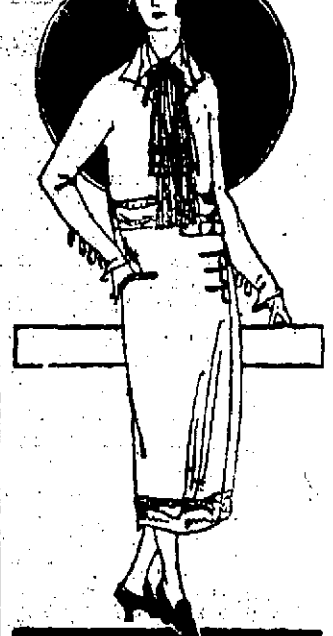

Influence of Former Mode Demands Attention of Careful Dressers.

The influence of the directoire period upon the fashions of the hour has been the cause of not a little discussion. For weeks at the beginning of the season, writes a fashion correspondent in the Boston Globe, one heard rumors that this style would be an important factor. Assurances as to its possible vogue were made and also there were predictions that it could not succeed.

As a style in itself it cannot be said to have achieved a conspicuous position, but as an influence it may be taken seriously. It is in details that it most often appears. The high crown of a hat, the slight indication of a waistline placed a bit above that of the natural figure and the high stock and frilled jabot may all be traced back to the modes of this era.

Emphasizing a tendency to directoire lines and yet absolutely in keeping with the style trend of the moment is an attractive model, a smart little affair of navy blue which relieves its slim severity by the addition of a frill of cream lace and a tie of black satin.

Fine soutache braiding is utilized with effective results to accent the raised waistline and to form a border

around the skirt. Black bone buttons and bound buttonholes are other points of interest, for in the present fashions few dresses are considered a success unless somewhere about them are distributed a few buttons. It makes no difference whether they are large or small or whether they have any definite purpose other than to provide a bit of novel decoration.

Pink and Coral Colors Are in Milady's Favor

At the moment, says a fashion authority, there is no lessening in the popularity of pink. In fact, if anything, it is more in demand than ever and in a recent showing of frocks for summer wear the models displayed can the gamut of pink tints.

It was also of decided interest to those who follow closely to the foot-steps of fashion to discover that each gown was developed in chiffon. Many layers went into the making of these frocks which relied for charm on their distinctive lines and the absence of any detail that would detract from the exquisite simplicity.

In several models there was a tendency toward ombre and two-toned effects, while others were given an accent by the large flower, usually in a much darker tone, which was placed at the waistline either in front or a little to one side.

Pink chiffon as a background for silver embroidery, pink crepe with designs of pearls and crystals and delicate apricot shaded netts with a touch of French blue are seen again and again. A significant note is that these frocks are worn by older women as well as by debutantes.

Many of these models have the cape back and the cleverly draped sash that distinguishes the modes of this season.

Party for Children. Forty-four children, most of whom took part in the Children's Day exercises at the Christian Church, were guests at a party given by the committee in charge yesterday afternoon at the church. At the conclusion of games the children were served ice cream, cake and lemonade. The committee was made up of Mrs. John T. Rummel, Mrs. H. E. Mason, Mrs. W. E. Stimmel, Mrs. James Charlesworth and Mrs. Ross F. Lytle, with Mrs. Peter R. Welmer assisting.

Restriction at Merchant Plants Approaching Time Policy Can be Modified

Furnace Producers Not Yet as Far on the Way, It Now Seems to Appear.

MORE SANGUINE FEELING

Rather Encouraging Promise that the Bottom has Been Reached; Production 58,000 Tons, Same as August, 1923, and Lowest Since that Date.

(From The Weekly Courier)
It is becoming increasingly apparent that the restriction in coke production by the merchant operators is coming closer and closer to the point where the policy can be modified with safety, or held within the present limits of its application. At least that is the deduction that can be drawn from the statistics of the past few weeks.

By the same method of measurement it would appear that the furnace producers have not advanced as far on the downward course as the necessities of the situation seem to demand, although appreciably nearer an upward turn.

There has not been a complete halt in the reduction of output by the merchant ovens, but during the last three weeks the cuts have diminished in volume with each successive week and at all times have been inconsiderable as compared with the cuts made at the furnace ovens. The records show that in the week of May 24 the furnace reduction was 10,800 tons; merchant, 1,539 tons. The following week, furnace, 13,200 tons; merchant, 880 tons. Last week the proportion of the cut was 5,150 tons furnace to 56 tons merchant.

In view of the decidedly more sanguine feeling prevailing this week, and the belief that the bottom has actually been reached, the statistics of last week give rather more encouraging promise than at any time since the Slough of Despond was entered late in March.

The state of mind among coke makers is such that relief from the strain incident to sitting on the production safety valve will be most welcome. Even if the developments extend no farther than preserving the status quo in operation, the feeling will be that much has been gained. It will at least be a comfort to know that the necessity for keeping a close watch on production, lest it become excessive, has ceased to exist.

The furnace interests last week applied all three of the reduction expedients. They blew out more ovens, banked others and followed a short running time schedule. Of the 21 recently active plants of the H. C. Frick Coke Company, two were put out of commission, ovens cut off at two and banked at one. Only four plants made a full six-day week; nine ran four days and two made two days. The only active independent furnace plant kept up full time, 100 per cent schedule.

About half of the merchant plants ran five days. Of the remaining half the majority ran six days, some four and one three days. This interest made, no change in the number of its active ovens. The 104 blown out were offset by an equal number blown in. It is understood that still more ovens are to be blown out at furnace plants this week.

The regional tonnage was almost identical with that during the week ended August 19, 1923, and was the lowest recorded since that date.

The estimated production during the week ended Saturday, June 7, was 58,500 tons, divided between the two districts as follows: Connellsville, 47,850, a decrease of 5,500 tons; Lower Connellsville, 10,650, an increase of 800 tons, or a net decrease of 5,150 tons, as compared with a total decrease of 11,200 tons during the preceding week.

By interests the production was: Furnace, 45,500, a loss of 5,100 tons; merchant, a loss of 50 tons, as compared with losses of 11,300 and 830 tons respectively in the week ended May 31.

The decrease of 495 in the active ovens list was at furnace plants and included 35 at Hacia No. 3, 270 at Redstone and 300 at Youngstown. Fifty ovens were banked at Trotter for the week. The merchant changes comprised 24 out at Ferguson, 50 at Olmstead and 30 at Oliver No. 3, a total of 104. An equal number was added at Hanbulla, bringing that plant up to 500, or full operation.

Production by the merchant and furnace interests and the total compared with the corresponding week in 1923, is shown herewith:

Other Notes.
Sale of high grade military. A very generous reduction on all early hats. One lot special at half price. McFarland's, second floor, Title & Trust Bldg.—Advertisement.—12-31.

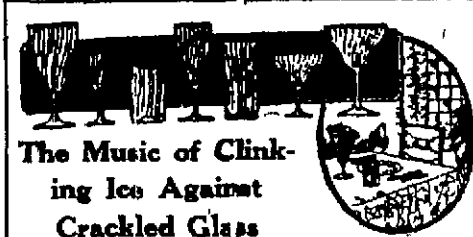

EXCUSED
A crowd had gradually collected outside the single telephone booth and waited with varying degrees of patience while the man using the phone held the receiver to talk and his attention was practically blank. Finally one, bolder than the others, opened the glass door and inquired: "Are you speaking to any one?"
"Yes," the silent telephoner replied, "I'm speaking to my wife."

The Secret of Success
How often wonder why Betty has so many admirers? She can't sing or play a piano.
Slim—I guess that's the reason.

Peasantry
"When the day breaks it makes light of it."
"Yes, and when the night falls it brings it dark"—Shakespeare.

The Paramount

"THE GENTLEMAN UNAFRAID" With George Larkin in the stellar role, provides splendid entertainment today and tomorrow at the Paramount. Mr. Larkin is supported by a cast of well known screen artists and the picture is one that will please all members of the family. The program also includes a selected comedy. Monday and Tuesday, "Excitement," presenting an all-star cast, will be shown.

The Soisson

"LUCRETIA LOMBARD" the feature attraction today at the Soisson, is a screen version of the popular story by Kathleen Norris. Monte Blue and Irene Rich appear in the stellar role.

The story brings out the mystery of a loveless marriage. A young girl, to please her mother and satisfy her ambition for a titled daughter, married a Scotch nobleman whom she does not love. After touring Switzerland and the Alps, going through a mock honeymoon, they settle down in Sarabridge, Conn., because Sir Alton Lombard, now an invalid, needs that climate.

One night, after a particularly trying incident with her husband, Lucretia gives him an over dose of morphine, which she thinks is aspirin. Lombard having fought with the powders.

On the occasion of the coroner's inquest, Lucretia meets Stephen Winslow, the district attorney, who is also the victim of a loveless marriage. Lucretia is strangely attracted towards Stephen. He also feels the magnetism of her wonderful personality and they soon fall in love with each other.

Stephen's young wife soon finds out the state of affairs and broken-hearted runs away to her country camp.

The scenes that follow bring out some of the most enchanting bits of scenery in the mountains as well as a force configuration in which Fate settles accounts.

Monday, Tuesday and Wednesday George Walsh and Carmel Myers will be seen in "The Slave of Desire."

The Orpheum

"PALS IN BLUE"—On view today and tomorrow at the Orpheum, presents Tom Mix in one of the best roles in which he has ever appeared.

Captain Smith of Fort Green is jealous of Lieutenant Manning, a brother officer, mostly because of Manning's beautiful wife, Anna, whom he hopes to win. Smith, in his anger, schemes with the peaceful Indians to attack and rob the paymaster's stage, which Lieutenant Manning and a small detail of men are sent to guard, among them Tom and Jerry. The Indian chief has long awaited such an opportunity, for he hates the army and the settlers. Tom's pal is shot and dies. Tom is broken-hearted over his loss and with effort reaches the fort with his message, and help is sent the besieged men. Mrs. Manning succors Tom's wounds, little knowing the loss of his pal. Captain Smith in the meantime realizing his duplicity has been discovered, tries to overpower the woman as he confesses he sent the Indians on the warpath and denounces her husband. Tom overcomes her cries of distress and comes to her rescue, shooting Smith. Immediately afterward falling prostrate over his body.

Monday, Tuesday and Wednesday, Corinne Griffith and Conway Tearle will be seen in "Black Oxen."

Fruit Flies Tell Growth of Human Population

Philadelphia.—Science is experimenting with colonies of fruit flies to obtain data concerning the world's future growth of population. Dr. Raymond Pearl of Johns Hopkins University said before the annual meeting of the American Philosophical Society. "In our investigation of the cause of population growth," Doctor Pearl said, "colonies of the fruit fly have been carefully studied. With these the whole course of population growth and decay can be carried out in the laboratory in a few months under conditions of precise observation. Such populations follow the same law of growth as do human populations."

Our Usual July Reductions Now!

This is the most drastic price reduction ever staged by any Connellsville store in June. The unseasonable weather the last six weeks leaves us with **HEAVY OVERSTOCKS**—about twice the number of garments that we should have at this time of the year—and we've decided to take our **LOSS NOW** instead of waiting until the middle of July, the usual time for clearance events in most stores.

There isn't a man in the Connellsville district who can afford to miss this sale. You'll save \$10 to \$15.

Chemists Bare Secrets of Corn Rain, Prophets

Washington.—Reformers in college and
high school chemistry courses, last
winter, and problems of dry, rubber,
leather and gasoline production occu-
pied the delegates attending sessions
of the American Chemical society.
The diversity of length and content
of high school courses and differing
experiments requirements with respect
to chemistry on the part of colleges were
listed as the major evils discovered
in a survey.

First discomforts which come with
changing weather were attributed by
John Arthur Wilson and Albert F. Gal-
lum, Jr., of Milwaukee in abstracting
of leather is shown.

"It's a greatest difference in this re-
spect," they said, "is found between
chrome-tanned and vegetable-tanned
leathers."

A study made by R. F. Kiser and L.
Buller for the United States army air
service, occasioned largely by the pro-
posed use of leather in hypodermic-
syringe, was considered at a head-trans-
fer symposium.

Norway Continues Hunt for Great Cod Shoals

Oslo, June 13.—The investigation con-
ducted last year by the Norwegian
fishery department to discover the
whence of the great cod shoals
are to be continued this summer.

Further progress about Spitzbergen will
be subjected to examination, and, in
addition to the official expedition, it is
probable that some other expedition
will be undertaken as a result of in-
dustrial or private initiative. In the
process of Bonadventure plans are being
prepared for the dispatch of an expedi-
tion to western Greenland to search
for and describe the large shoals
from that region report the presence
of large quantities about the banks.

Powerful Antiseptic Destroys Pernicious Germs of Catarrh

Yo Maltis Hon. Chronic, Soreness
Will Go—Mucous Will Disappear
and the Nasal Passages Will Be
Immediately Clean Once More.

Just get a six ounce bottle of Ko-
jona, the world's most powerful, non-
poisonous antiseptic. You can get it
from Union Drug Co., or any pro-
gressive druggist for 10 cents.
Spray or sniff it into the nostrils,
night and morning for a week or until
the mucous has gone and the nostrils
are clean and clear.
That's all there is to it—if you
really desire to get rid of obnoxious
catarrh and the pernicious germs
that cause it—start today!
If your catarrh isn't gone in a week
—get your money back.
Kojona is four times as powerful as
Carbolic Acid, yet you can drink it
with no ill effects. Read the direc-
tions for Kojona should be greatly
diluted before using—that's what
makes it such an inexpensive antiseptic.

BENDS AND CALICO NO LURE FOR POLYNESIANS

Islands Have 8 and 10-Cent Stores and
Enjoy Plastic, Says Old
Shipper.

Seattle, Wash.—"We more than
bright calico for the wild and
Polynesian," declares Capt. Francis
Drake, Seattle, from trader "Way, bless
your heart, they've got 5 and 10-cent
stores all over the islands and the
traders have to Calico Calico on the
radio every time he speaks into it.
Instead of taking out a boat load of
traders to trade for curios, the ap-
proach trader in the coconut palm takes
only silver and gold to buy the things
they want."

Drake, who is sixty years old and
has been a mariner for more than
forty-five years, will soon set sail from
here for the Philippines, a thirty-day
adventure—signed Drake, for another world
trip.

"Leading around the world in your
own boat is the only life," says the
veteran. "You're young fellows in the
ships work and sweat—and what do
you get? I go out on the sea and I
don't need money. No life sailing
in. No trouble to drink. There's
the drink and look at the catarrh once
a month. Add once outside the pop-
ular situation. I never see a thing.
You could stay out here twenty years
and never get a ship. Sail on place
in the world."

"At night the ship's bed
aboard and fall on deck. In the morning
you pick them up, clip off their
wings and toss him into the sea. They
even make a little out of it to try them-
selves."

And the old trader of the trouble
better pack down the hatchway like
the old sailor over the horizon.

Hot Time Saturday at Scottdale's Ball Park When Vandergrift Comes

Literally It Will Be "Steel
Against Steel" in Inter-
esting Clash.

JOHNSTOWNER IS SIGNED

SCOTSDALE, June 13.—Scottdale is going to have a hot time on Saturday, June 14, from 2:05 P. M. on, when Vandergrift, rival in steel and baseball, meets the Independents. The Vandergrift club last year was one of the best in that section and had to its credit a 1-0 game with the Grays. This year Vandergrift has been strengthened considerably, having an entire new outfield, including one fielder formerly with the Cleveland Americans in 1922. The club will line up as follows:

Burns, second; Murphy, shortstop; Lane, right; Forbes, middle; Rippel, third; French or Hunter, first; Foster or Hoyert, catcher; Spauld or Adams, left; Gould or Andring, pitcher.

After defeat of Morgantown College on Wednesday, 7-5, hope runs high at Scottdale. McAvoy of Johnstown has been signed as the regular first baseman, and Maples of the Blue Cross League has been retained for right field.

PREBYTERIANS LOSE BY POINT TO LUTHERANS

The Presbyterian team, leader of the Interscholastic Horsehoe League, was defeated last evening by the Lutherans, 12-12. It was the closest game of the season. Tuesday evening the Lutherans and Methodists will meet.

The scores:
Peg No. 1—Presbyterians—Wilhelm and Morgan 3; Lutherans, Christian and Peterson 2.

Peg No. 2—Presbyterians—Ladon and Downs 2; Lutherans, Hoover and H. C. Hoop 1.

Peg No. 3—Presbyterians, Haynes and Miner 1; Lutherans, Cable and Barnhart 4.

Peg No. 4—Presbyterians, Wright and Brown 5; Lutherans, Parkhill and J. H. Hoop 0.

Peg No. 5—Presbyterians, Hisey and Jones 1; Lutherans, Grimm and Calhoun 4.

SCOTSDALE ALL STARS LOSE TO MOREWOOD

Special to The Courier.
SCOTSDALE, June 13.—Although credited with more hits, the All-Stars of Scottdale, a team composed entirely of men who represented Scottdale a few years ago on the baseball field, were defeated at Morewood Tuesday evening by a score of 4 to 1. The break was against the locals. Purtschell pitched good ball throughout. Kitcher and Jones of Scottdale shared at the bat, each having three hits out of four times up. Frolic played best for Morewood. There were about 300 fans at the game, something unusual for teams of this class. The game was called in the eighth inning on account of darkness. Score by innings:
All-Stars 001 101 01—4
Morewood 002 000 00—1
Teams desiring games get in touch with A. A. Tietzen of Scottdale.

STEWART TEAM WANTS GAMES FOR SEVERAL DATES

SCOTTSBURG, June 13.—The Stewart baseball team would like to hear from all first class teams, and would like to arrange two games for the fourth and other dates in June and July. Games booked are: June 14, Greensburg at Stewart; June 15, Youngwood Independents at Stewart; June 21, Stewart at Yukon; June 23, Stewart at Mount Braddock; June 25, Stewart at Altoona; June 26, Stewart at Youngwood; June 28, Stewart at Newry; July 1, Mount Braddock at Stewart; July 10, Stewart at South Connellsville with Capetan Glass; July 10, Capetan Glass at Stewart.
Write Manager, J. E. Huxford, Stewart, Westmoreland county, care W. J. Ratner, or call Bell Phone 3-2 M. Ketchum. Send charges to Manager.

Bryce Team Swamps Iron Bridge Club

Special to The Courier.
MOUNT PLEASANT, June 13.—The Bryce Brothers baseball team defeated Iron Bridge at Bryce Field Wednesday, 14-8. The game team scored in every inning, but the fourth and eighth.
For game write Steve Kilmbeck, Mount Pleasant, R. D. 1.

(To the scorer: Write names plainly and spell them correctly in sending in reports of games. We could not read some names in box score at Bryce-Iron Bridge contest.—Sporting editor.)

Oriental Designs O. K'd for Season

Bizarre Figures, Vivid Hue Distinguish New Crepes and Chiffons.

The difference between the modes of spring and summer are, of course, not as fundamental as the changes which occur in the autumn and spring, except for the question of fabrics, where distinctions are sharply drawn, declares a fashion writer in the New York Herald-Tribune. And the most obvious and assured trend of the new summer wardrobe is toward printed silks—a trend inspired by the severity of the masculine tailleur, which requires the most vivid colorings and effects to provide an occasional relief note.

The design and color of the summer fabrics go back to the cradle of silk civilization for their inspiration. They show the strong influence of China and the East as foreshadowed at the Chinese Grand Prix ball in Paris. Turkish and Arabian motifs, Spanish and primitive African art are crowded for the first place by the most exquisite designs of the empire.

The strongest note in the 1924 printed silks is the traverse or horizontal movement of the design. This is noticeable whether it occurs in the small patterns or in the large repeats. Perhaps this traverse or horizontal effect is responsible for the mode of scarf, for the Parisian couturiers are very fond of cutting these silks into the long scarves with which the gown is trimmed.

From the Riviera indications are that the greatest demand of the summer mode will be for materials in

Fresh of Red and White Printed Chiffon With sheer White Organdy, which the designs are made up of very small units distributed over the cloth, both as to color and design, so that from a distance the fabric seems to be almost plain. From so many patterns it is difficult to select those of particular merit, but decidedly the most original are the woodcut motifs in these an entirely new technique—that of the wood engraver—is introduced into the silk design, with the result that the dark-colored fabric resembles a pile material.

Other striking prints are those of the flowered Persian type, an adaptation of certain of the East Indian and Persian designs embodied in new French patterns. Here one finds much variegated coloring and the printed figures transfer all over the surface, almost covering the background.

An important note is the pink dot, which is distinctly modern this season, although old-fashioned almost to the point of being classic. It appears in brilliant yellow-green with brown spots, or vice versa, as well as in odd combinations of mauve. It is always monotonous and never in white with color.

Printed plaids are quite as important as the woven effects and even more interesting colorings are obtained in these than in the yard-dyed patterns. This type of printing is confined to crepe de chine and chiffon.

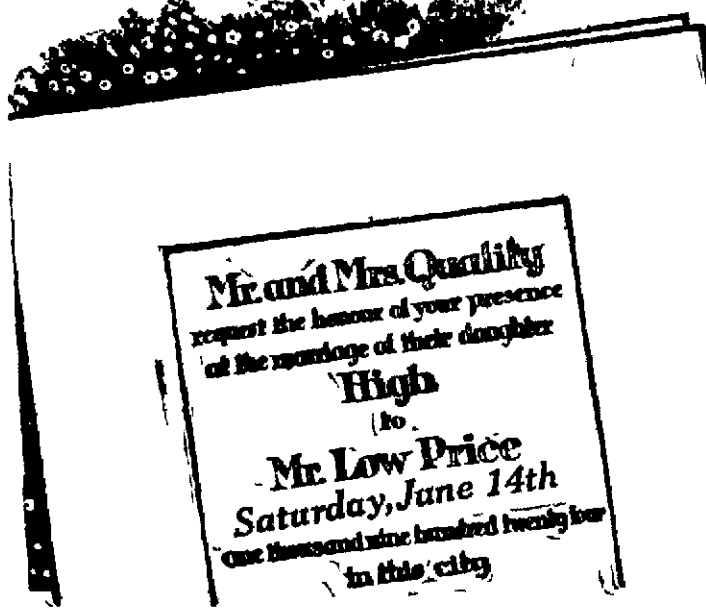

Plaids Still Hold Own in World of Fashion

A chiffon evening gown is a beautiful shade between red and rose, and an afternoon frock in a new shade called "mauve" that is a warm yellow-ochre almost much admiring comment. It is made of yellow crepe de chine and trimmed with very fine plaitings of the silk. These plaited frouces are placed diagonally upon the skirt and are so skillfully arranged that it is hard to decide where one begins and another leaves off. The high cuffs are also edged with narrow plaited frills. Plaids continue to more than hold their own in the world of fashion.

Pink for Evening
The summer evening frock of chiffon in subtle shades of pink is destined for success. An effective touch is seen in a large flower somewhat deeper in hue that is placed at the waistline a mile to the left.
